About the Artist

Based in Lincolnshire, UK, Tony Munns has enjoyed a successful career as a Graphic Designer and Creative Director. It is only within the last few years that he has also begun to build a reputation as a fine artist, painting in acrylics and focussing on the subjects that are closest to his heart – namely the sea and the British seaside.

His sketchy painting technique, combined with an eye for graphic detail and strong narratives gives his work a distinctive yet approachable style that has resulted in sales worldwide.

Tony was born on London in 1960, and always kept a sketch book handy during his childhood. At age 16 he decided on a career in commercial art, graduating with an honours degree in Graphic Design from Ravensbourne in 1982. As an artist, he is self-taught and is particularly drawn to the Impressionists and to works that capture movement and light with confident, broad brushstrokes.

In 2019, he has appeared as a 'pod' artist on Sky Arts Landscape Artist of the Year, and has since gone on to create an impressive collection of seascapes, waterscapes and coastal scenes that include many familiar and sometimes nostalgic features.
